The Rausch Coleman team was wonderful to work with. they made the process easy and fun- and what has impressed us the most is the involvement after we bought the house. This was our first home purchase, we looked at many houses and many builders. There was always a difference in a Rausch Coleman home, it always looked classier and was built better. We are very happy with the house and location. Everyone at RCH was and still are wonderful to work with. Thank you Rausch Coleman! We love our Rausch Coleman home. It has so many extras that other builders don't have and everyone was so nice. We think the owners' wife is great because she left decorator pillows for our daughter and left us the curtain rods! That made us feel very welcome. Jamie is also great to talk to! Wow! After watching friends build a new home in the same area, we decided we can do that. Our search was short! The first time we walked into the model home we were hooked. Our realtor tried several times to show us other builders' homes. We told her it was pointless. We knew we were home as soon as we found our house. Everything has been so much easier than we expected, considering the horror stories we've heard. You guys are the best! What we like most about our new home - their "can do" attitude. Nothing was ever a problem. When I asked for a small change, they had the answer within one day and always seemed to "Yes, we can do that." The other Builders that I have used were never so accommodating. My family is truly blessed to get this opportunity to be a part of a growing supportive community. Thank you and Rausch Coleman Homes. -Felecia Shirley (Proud Oxford Valley Homeowner) When asked what they like most, the Smith's stated, "The quality of work and materials. Everyone we met were courteous, knowledgeable, and caring. Being first time homebuyers it was a pleasure doing business with Rausch Coleman Homes. We recommend recommend them to anyone looking to buy a home." Last summer, when we found out Rausch Coleman was building a new neighborhood in Sherwood, we were SUPER excited! We never thought that at 24 years old we would be able to own a BRAND NEW home! And we LOVE that our mortgage is less than some of our friends' rent! (There is even a nearby apartment complex where rent is equal to our mortgage!) Lisa Johnson and our Realtor, Rita French, made our home buying process SUPER easy and even fun! (Say what!?) And as first time home owners, that was a huge plus! If you're looking for a new home- let me put you in contact with the amazing team we used! Great management and people with Excellent Knowledge of the Homes. The level of communication was excellent. I was informed throughout every step. Ultimately, I feel completely satisfied with my home! "This home buying experience was so pleasant and non stressful that I worried it was going to good to be true wall the way to the closing. But of course it was true and we had nothing horrible or unpleasant happen. Thank you!" "Bottom line is, I have nothing but excellent things to say about Rausch Coleman Homes. I sing their praises everywhere I go and cannot recommend their services highly enough. Thank you so much for making my first time buying a house such an amazing experience!" There is no question for me as to why they have been building homes for over 60 years, they are very good at doing it and I can'tÁÁÁÁ stress enough the level of personalized service they provide, before, during and after the sale. I couldn'tÁÁÁÁ be more pleased with the home and the service. You can'tÁÁÁÁ go wrong with a Rausch Coleman Home! James Reeves (Rausch Coleman), Kristy (Rausch Coleman), Bryan Heindlsmen (Red Rock Mortgage) were Fantastic. They made the dream come true, they were there for me every step of the way, made sure that every question I asked was answered, and encouraged me when I was down. Coleman has a large support team. I was stressed, depressed, and out of the legged fan but Rausch Coleman was there. Thank you team !! My husband and I love our new home !! The builder was super pleasant, and answered all the questions we were. We had an incredible experience and could not be happier with our new home !! We have signed our contract to build a home. Matt Musson did this experience so welcoming and he is always there anytime we need him !! Now just waiting to meet the builder to start !!! If someone is looking for a house in Fayetteville air ... Matt Musson is your guy! I really liked the whole team that helped me during my home purchase process. Everyone was extremely rushed to answer any question I had about my house. I would recommend my neighborhood or Rausch Coleman to any fan or friends. Who knew that buying at home could be so fun and fancil! My children and I have lived in our house now for a few weeks and could not be happier! Thank you, from the bottom of my heart to a community of people who really made my dreams come true !! I want to emphasize what a friendly and professional what worker was throughout the process. Whenever I would pass during the building, I was always received with a friendly smile and workers who would explain to me what was happening in © Poeca and what they would be doing next. You honestly direct an organization that is professional throughout the board! A synty for Career is "called". I think people, our FamÁlia, in Rausch Coleman is called here. We do not allow "world culture" to minimize our call because "RCH culture" is our call. Personally, I had no intention of changing career to meet you with Mr. John Rausch.
